Articulation Picture Cards

7 / 7

For the grown-up. Practise 5-10 minutes a day with a handful of cards, and keep it positive.

Say it, then your turn

Hold up a card and say the word clearly. Your child says it back. Aim for about 5 tries a card, then move on, and go through the cards again if your child is still enjoying it.

One pattern at a time

Practise one page before you mix them. If your speech-language pathologist has set an order, follow theirs.

The underlined letters

They spell the sound you are practising, and they are for you. Your child does not need to read them.

Make it a game

Hide the cards around the room, and your child says each one they find. Praise the try, not just the right answer, and stop while it is still fun.
